

# MAURA KINSELLA

Associate Winemaker

Maura manages a refined vinification process of traditional, low-intervention winemaking built around separating lots by soil type and micro-terroir.

A former professional cyclist and member of the USA National Team, Maura's first experience in the wine industry was working a harvest in New Zealand.

Subsequently, she pursued a master's degree in Winemaking and Viticulture at the University of Bordeaux and worked at Chateau Palmer and J.P. Moueix Chateaux in Bordeaux, as well as Emiliana Organic Vineyards in Chile.

Maura joined Hamel in 2020 from Eisele Vineyard in Napa Valley. She is married and has a 1-year old daughter.
